

ABDELHMEED MOHSEN ELSHORBAGY

IT Support & Systems Technician

+20 106 192 2226 | abdelhmeed.mohsen@gmail.com | linkedin.com/in/elshorbagy | Minya, Egypt

PROFESSIONAL SUMMARY

IT Technician with 18+ months of experience supporting daily business operations as part of a three-person IT team. Responsible for operating the company booking system on live production data, including ticket cancellations, payment method changes, and refunds. Acts as first point of contact for staff technical issues, resolving what falls within scope and escalating the rest with clear diagnostic detail. Computer Science & Artificial Intelligence undergraduate (Class of 2028), Google Technical Support certified, with training in Red Hat Linux system administration. Seeking a junior IT support or systems role with room to grow into infrastructure and networking.

PROFESSIONAL EXPERIENCE

IT Help Desk

Feb 2025 – Present

Amwag Travel | Minya, Egypt

- Operate the company booking and reservation system daily on live production records: cancel tickets booked in error, modify payment methods, and process refunds — transactions that are financial and non-reversible.
- Serve as first point of contact for staff across the company when systems fail, resolving issues within scope and escalating the rest to senior IT with the diagnostic detail needed to act quickly.
- Provide day-to-day technical support for 100+ staff, covering hardware faults, Windows issues, and business application problems.
- Assist with network configuration tasks under the direction of senior IT staff.
- Performed server-side administration through CyberPanel under direct supervision to restore service during a system outage.

Customer Service Representative

Aug 2024 – Feb 2025

Amwag Travel | Minya, Egypt

- Handled technical and service inquiries as first point of contact, triaging technical problems before escalation.
- Diagnosed and resolved customer-reported issues in booking and account systems.
- Handled customer inquiries and assisted clients with ticket bookings and travel arrangements.
- Processed ticket reservations and customer requests using the company's booking and ticketing systems.
- Used Cisco-based call center systems to handle and manage customer calls efficiently.
- Assisted customers with booking changes, cancellations, and general travel-related inquiries.
- Resolved customer issues and escalated complex cases when necessary.

Ticketing Agent

Jun 2023 – Aug 2023

Amwag Travel | Minya, Egypt

- Assisted customers at the branch with ticket bookings and travel reservations.
- Processed ticket reservations accurately using the company's booking and ticketing systems.
- Handled customer requests related to ticket availability, changes, and cancellations.
- Maintained accurate customer and booking information while handling multiple requests.
- Provided in-person customer service and guided clients through the booking process.

EDUCATION

B.Sc. in Computer Science & Artificial Intelligence

2024 – 2028 (Expected)

Minya National University (MNU) | Minya, Egypt
